CAR SYSTEM 2K HI BUILD PRIMER

- * A 2 Component Primer suitable for all paintwork from spot repairs to full paintings
- * Due to its 70% of solid content (ready mixed), it has extremely good filling properties and is extraordinarily productive.
- * It ensures an optimum top coat result, no matter what paint system is used. It is very safe to handle even in thicker layers, providing excellent corrosion protection and an optimum adhesion on almost all surfaces.

PURPLE HAZE GUIDE COAT

Purple Haze revolutionises the guide coat process. Purple Haze acts as a dye and penetrates the surface of primer coats after one thin application.

- Highlights even the finest imperfection.
- Speeds up the sanding process prior to top coating.
- No paper clogging
- Highlights bodyfiller repairs as a darker shade
- Excellent for use on SMC and Fibreglass work.

APPLICATION: Apply with a standard 1.4 Gravity Gun in thin even mist coats.

SPECIALS AVAILABLE WHILE STOCKS LAST. FREIGHT NOT INCLUDED
